

Dear Professor,

I am writing to express my interest in pursuing an MS in Computer Science under your supervision.

Academic Background

BS Computer Science – University of Okara (2020–2024)

CGPA: 3.43/4.0 | 3rd Position in Batch | Bronze Medal

Scholarships: Ahsaas Merit-Based (twice), PMYP Laptop Scheme

Professional Experience

I have 3.5+ years of industry experience in full-stack development (JavaScript, TypeScript, PHP, Node.js, microservices). I served as Associate Team Lead at Codebot and Tech Solutions Pro, leading deployments and optimizing system performance. My work on AI-driven platforms, blockchain-based escrow systems, and decentralized applications bridges industry practice with research-ready skills.

Research Interests & Study Plan

My research focuses at the intersection of AI, Blockchain, and Distributed Systems:

Area

AI & ML

Blockchain

AI-Blockchain Integration

Focus

Predictive modeling for system optimization, NLP, automation

Smart contracts, dApps, cryptographic protocols

Privacy-preserving, transparent, autonomous systems

Proposed Study Plan:

Year	Semester	Activities
Year 1	Fall	Coursework (Advanced ML, Distributed Systems, Research Methodology)
	Spring	Coursework (Blockchain, Cloud Computing); Begin research
Year 2	Fall	Advanced research, model development, experimentation
	Spring	Thesis writing, defense, publications

Why You?

I have followed your work on Google Scholar and DBLP. Your research on Artificial intelligence, Machine learning and computer vision strongly aligns with my interests. I would be honored to contribute to your research group.

Career Goals

Short-Term: AI/ML Engineer or Blockchain Developer applying research to real-world systems

Long-Term: Lead R&D team at the intersection of AI, blockchain, and distributed systems

My CV and Research Proposal are attached for your reference. An acceptance letter from you would greatly strengthen my CSC scholarship application.

Thank you for your time. I look forward to your response.

Respectfully,

Kamran Fareed
